Academic year : 2026 - 2030

1. Personal Portfolio Website :
Create a personal website displaying a profile, educational qualifications, technical skills, hobbies, projects, achievements, resume, and contact information. Use CSS animations, responsive layouts, and interactive navigation effects.

STATEMENT :

Statement: To design and develop a responsive Personal Portfolio Website using HTML and CSS that displays personal profile details, educational qualifications, technical skills, hobbies, projects, achievements, resume, and contact information. The website uses CSS animations, interactive navigation effects, and a responsive layout to provide an attractive and user-friendly experience across different devices.

PROGRAM CODE :

```
<!DOCTYPE html>
<html lang="en">
<head>
<meta charset="UTF-8">
<meta name="viewport" content="width=device-width, initial-scale=1.0">
<title>My Portfolio</title>
<style>
* { box-sizing: border-box; }
body {
  margin: 0;
  font-family: Arial, sans-serif;
  background: #f1f5f9;
  color: #1e293b;
}
header {
  background: #172554;
  color: white;
  text-align: center;
  padding: 35px 15px;
}
nav { background: #2563eb; padding: 14px; text-align: center; }
nav a { color: white; margin: 12px; text-decoration: none; }
section {
  background: white;
```

```
  margin: 20px auto;
  padding: 22px;
  max-width: 850px;
  border-radius: 12px;
}
h2 { color: #2563eb; }
.skill {
  display: inline-block;
  background: #dbeafe;
  padding: 10px 16px;
  margin: 5px;
  border-radius: 20px;
}
footer { text-align: center; padding: 20px; background: #172554; color: white; }
</style>
</head>

My Portfolio

Student | Web Development Learner

About Me

Hello! I am a college student interested in technology, programming and web development.

My hobbies include reading, music and learning new skills.

Education

College: NRI university

Branch: B.tech(AIML)

Semester: First Semester

Technical Skills

HTML CSS Python

My Projects

- Personal Portfolio Website
- College Information Website
- Student Dashboard

Contact Me

Email: Lavanya@example.com

Phone: 8522082532

2. College Information and Admissions Website :
Design a college website displaying institutional information, departments, courses, faculty profiles, admissions procedures, campus facilities, events, and contact details. Create a navigation bar, banner, and responsive information cards.

STATEMENT:

Statement 2: College Information and Admissions Website

To design and develop a responsive college website that displays institutional information, departments, courses offered, faculty profiles, admission procedures, campus facilities, college events, and contact details. The website includes a navigation bar, an attractive banner, and responsive information cards using HTML and CSS to provide a user-friendly experience across different devices.

Programing code:

```
<!DOCTYPE html>
<html lang="en">
<head>
<meta charset="UTF-8">
<meta name="viewport" content="width=device-width, initial-scale=1.0">
<title>ABC College</title>
<style>
* { box-sizing: border-box; }
body {
  margin: 0;
  font-family: Arial, sans-serif;
  background: #f8fafc;
}
header {
  background: #14532d;
  color: white;
  padding: 25px;
  text-align: center;
}
nav {
  background: #166534;
```

```
  padding: 15px;
  text-align: center;
}
nav a {
  color: white;
  text-decoration: none;
  margin: 12px;
}
.hero {
  background: #dcfce7;
  padding: 55px 20px;
  text-align: center;
}
button {
  background: #15803d;
  color: white;
  border: none;
  padding: 12px 22px;
  border-radius: 5px;
  cursor: pointer;
}
.container { padding: 25px; text-align: center; }
.cards {
  display: grid;
  grid-template-columns: repeat(auto-fit, minmax(200px, 1fr));
  gap: 18px;
}
.card {
  background: white;
  padding: 22px;
  border-radius: 10px;
  box-shadow: 0 2px 8px #d1d5db;
}

3.Online Learning Platform Interface Develop an e-learning website containing course categories, video lesson thumbnails, instructor profiles, course descriptions, learning objectives, and enrollment buttons. Design responsive course cards and progress indicators.

STATEMENT: To design and develop an online learning platform website that provides an interactive learning environment for students. The website includes course categories, video lesson thumbnails, instructor profiles, course descriptions, learning objectives, and enrollment buttons. It uses responsive course cards, progress indicators, and a user-friendly navigation system to make online learning easy and accessible across different devices.

Programing code:

```
background: #f8fafc;
  color: #1e293b;
}
header {
  background: #312e81;
